

# Maple Sugaring

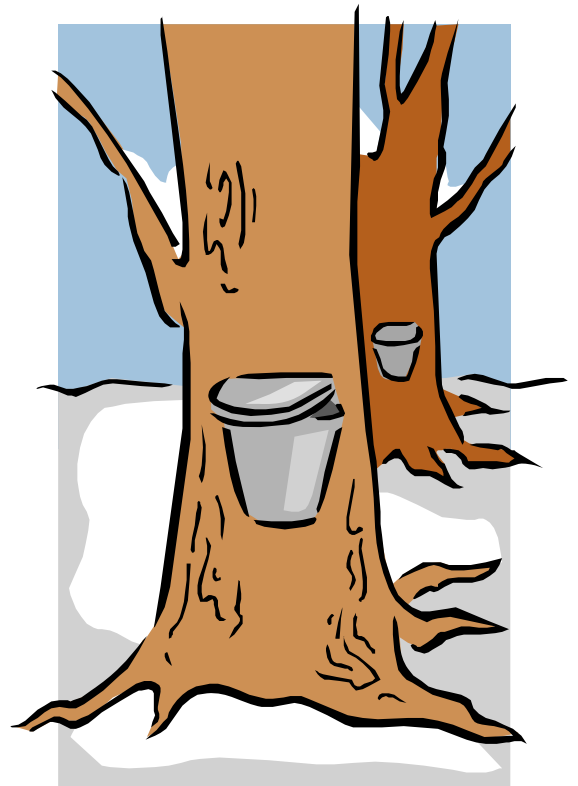

## Weekdays during March

Join the DAR State Forest staff at the Krug Sugarbush during the month of March to see how maple syrup is produced. Visitors will learn first-hand how the sap is collected from maple trees and boiled down to produce pure maple syrup.

Visitors should call the DAR State Forest prior to their visit to ensure that the sap is running. Operation is based on weather, so please call one day prior to your visit. Advanced group reservations are welcome.

From Route 9 in Williamsburg, take Route 143 to the center of Chesterfield. Take a left onto South Street, travel about 2 miles, and the Krug's Sugarbush will be on the left.

For more information please call (413) 268-7098 or visit [www.mass.gov/dcr](http://www.mass.gov/dcr)
